Second Class Steam Certificate: Messrs. J. Linnen, T. Nessling, R. C. Oliver, F. Rae, M. Sims.

A Near Thing!

The *Athlone Castle* docked at Southampton on Saturday, 23rd February, thirty hours late, after experiencing engine trouble and fog in the voyage from South Africa and fog in Cowes Roads.

This must have caused a few anxious moments for Mr. John Turner, Junior Second Officer, who had a date at the altar early that afternoon with a young lady from Durban.

However, as he was rushed away to his home at Hythe to change, he was heard to declare: "I shall make it all right; but it was a near thing."
