

Photo: Port of Manchester

*This aerial photograph of the main docks area at Manchester shows No. 9 dock at centre with the grain elevator (storage capacity 40,000 tons) at its head and Nos. 8, 7 and 6 docks off to the right-hand side of the picture. The extensive timber storage ground is left centre, and the vessel in the foreground is berthed at the Manchester Drydock Company's jetty. The Manchester Ship Canal Company's dock office is located by the main gate at the head of No. 8 dock*
