Well done, "Pendennis"

The magnificent sum of £58 was collected by the crew of the *Pendennis Castle* by the saving of their odd pennies. These were collected in an oversized lager bottle by Mr. Don Hooper, Crew Barman, and at the end of the last voyage he took it to the Southampton Chest Hospital for the use of the hole-in-the-heart Team. Since the unit was formed 11 years ago hundreds of people have been successfully operated upon, including Mr. Hooper's young son. The raising of the money, which included £35 from raffling a clock, was his way of expressing his gratitude for his son's health.

LESSON WITH A DIFFERENCE

Miss Diane Tyson-Heap, Children's Hostess on the Braemar Castle, had an enthralled audience when she chatted to a class at Lady Margaret School, Southall, about life on a big passenger liner.

Since the ship's "adoption" by The Children's Newspaper hundreds of letters have been received from young readers and for this lucky class a dream became a reality when they visited the vessel in London on 3rd August. Helping arrangements to go with a swing was Miss Barbara Perkins, Press Officer (pictured extreme right).
