### *Passenger Service to East Africa*

In mid-November, 1965 *Braemar Castle* (17,024 tons) is to be withdrawn from the Union-Castle East African Service. This service is being rearranged so that, in conjunction with the B.I. Line, there will be a passenger sailing from London approximately every three weeks to East African ports and Durban, via the Mediterranean and Suez Canal. The *Rhodesia Castle* and *Kenya Castle* will continue in this service.

Consideration is being given to refitting *Braemar Castle* with the intention of employing her on all the year round cruising.

**Wishing the years away!**

*In recording Mr. Mahamoor Hassan's retirement in the December edition, we quoted his age as being 64. He was, in fact, born on 8.5.1903, so he will be only 62 next birthday. Our apologies and Many Happy Returns in advance! Ed.*
