

THE  
CARGOES  
WE  
GET

*We get some wonderful cargoes. At right, public relations assistant Helen Richardson goes deck-walking on Clan Maclean at Cape Town with one of 16 penguins bound for Spain. The penguins, with 8 seals, were a gift from the South African trapeze artists, the Flying Oslers, to a Spanish family. Below right: one of the seals held by Michael Redpath, a member of the trapeze troupe.*

*No, the old car isn't running over the dockside roofs. UL 10 is being gently swung aboard S.A. Vaal at Southampton prior to her journey to South Africa to take part in a long-distance rally of vintage and veteran cars. She is a fine example of a now-rare marque: Hispano-Suiza. Owner: C. Crabb*
