Wanted—cargo pictures

A request has been received from the National Maritime Museum, London, for photographs for their records. They want negatives or prints of the following:

Different heavy lift derricks, different derrick rigs illustrating loads in different positions.

Mechanical hatches, cargo operations shoreside.

Loading and discharging gear on bulk cargo berths.

Older methods of cargo work ashore or aboard ship.

Stevedores stowing cargo; methods of dunnaging.

There must be numerous occasions when ship's personnel have taken photographs of items mentioned above. If any readers can assist in this worthy project would they send material to the editor of CLANSMAN or direct to the following address:

Capt. N.E. Upham,
Assistant Keeper 1,
Department of Ships,
National Maritime Museum,
London,
SE10 9NF.

If you send to CLANSMAN, please state clearly your name, address and what you want done with the pictures (eg: retention by museum or B&C archives if wanted; return to you; destruction if not wanted).

£150 scholarships for seamen

Scholarships worth up to £150 each are now on offer to young men of British nationality serving on deck in the Merchant Navy to help them become navigating officers.

These scholarships will be known as The Honourable Company of Master Mariners' Memorial Scholarships, and the money comes from a number of funds established in memory of members of that company which have been consolidated.

The scholarships will be administered by the College of the Sea, and the money may be spent on correspondence tuition, textbooks, shore courses or special coaching ashore. Application may be made at any time to The Secretary, College of the Sea, 207 Balham High Road, London, SW17 7BH.

Excellent Awards

Seven B&C ships have been nominated for Excellent Awards by The Meteorological Office, in recognition of the standard of their meteorological records during the year 1973. The awards go to:

These officers have all been notified by letter and asked for an address to which they would like their awards sent. The full list is published in the July number of *The Marine Observer* (ready for distribution about mid-July).

If any officer sees his name in this list before he receives the official letter or sees *The Marine Observer*, he should write to The Met Office at Eastern Road, Bracknell, Berks RG12 2UR, giving an address to which his award should be sent.

Marriage

Congratulations to A. D. Field, extra second engineer who married Mary Geraldine on May 10.

■ This giraffe taking his first long look at English shores left Mombasa on April 27 in *Glan Macinnes* and landed at Plymouth on May 29. His companions were 21 fellow giraffes, as well as two ostriches, five buffalo, six roan, 14 eland and 15 wildbeests. B&C cadets and staff of the Chipperfields organization cared for them. The animals were a delight to Capt. R. Fullerton and his crew during the voyage. They are now doing quarantine in the Plymouth Zoo. Picture: David Barber, ILS management, Greenly House. David's photograph of the male and female ostrich graced the front page of June 19's *Journal of Commerce*.
